

**Shri Purohit**  
**Purohit App Document**  
**(V3)**

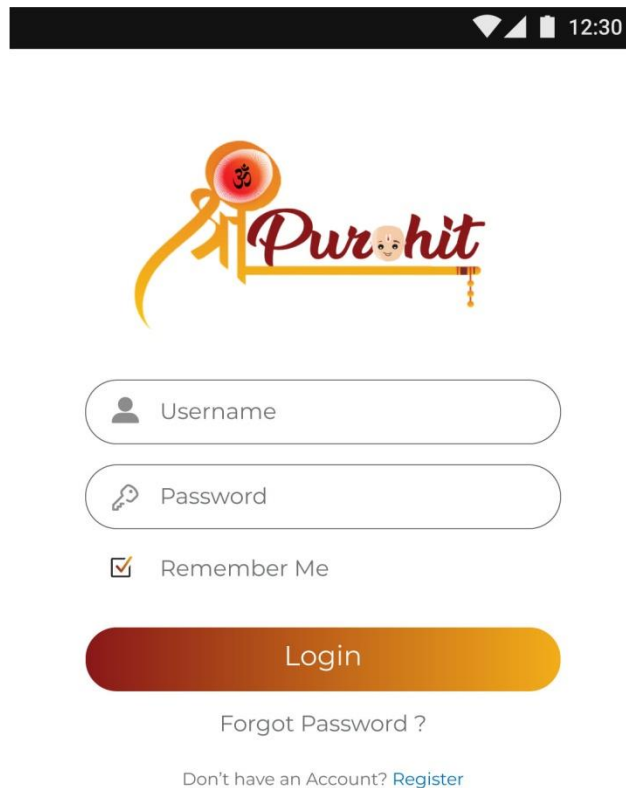

## 1. Splash Screen

(Img 1)

- a. This screen will appear every time when purohit opens the app

## 2. Login

The image shows a mobile app login screen. At the top, there is a black status bar with white icons for signal strength, Wi-Fi, and battery, along with the time 12:30. Below the status bar is the Purohit logo, which features a stylized orange and yellow 'Om' symbol with a face, and the word 'Purohit' in a red, cursive font. The login form consists of two rounded rectangular input fields: the first is labeled 'Username' with a person icon, and the second is labeled 'Password' with a key icon. Below these fields is a checkbox labeled 'Remember Me'. A large, rounded orange button with the text 'Login' is positioned below the checkbox. Under the 'Login' button is a link that says 'Forgot Password ?'. At the bottom of the form is a link that says 'Don't have an Account? Register'.

### (Img 2)

- Login with Email id and password.(Rename username as Email ID)
- Validation for password will be total 8 digits. Out of this 2 will be characters and remaining 6 will be numbers.  
For ex. SP123456
- If purohit tick on remember me for next time login his email id & password will be auto filled.
- Forgot Password (Show a pop up message saying "Your login credentials has been sent to your registered email id -

abcd@gmail.com.". Give ok button on that pop up screen. Login credentials will be shared on registered email id entered at the time of registration through email integration)

- e. Register link will redirect to registration screen (Img 3)

### 3. Registration

- a. There will be 2 forms for registration, **Personal Details & Qualification Details.**
- b. **Personal Details** - Keep all the fields mandatory. State & City will come from Admin Panel Master. Give text field for Area, the area purohit has entered will save in his address details only.
- c. Give date picker for date of birth. On next button tap redirect to qualification details form 2/2. On the tap of back arrow redirect to login screen (Img 2)
- d. **Qualification Details** - All the fields are mandatory. Give multiple selection for languages known. In Upload certificate, give option to upload 1 image only. On the tap of back arrow redirect to Personal Details screen(Img 2)
- e. Open Terms & Conditions & Privacy Policy screens in webview on the tap of link.
- f. It is mandatory to tick Terms & Conditions & Privacy Policy check box before submitting registration form.
- g. After registration redirect to login screen (Img 2)
- h. Login details will be shared on purohit's email id. (Email Integration)
- i. Purohit will get login credentials on his email id and he will enter them on login screen to login in to the app.

## 4. Dashboard

(Img 5)

- After login purohit will redirect on dashboard.
- On the tap of hamburger icon open left nav drawer. On the tap of bell icon open notifications screen.
- On dashboard show 3 tabs - New request, Today's Request & Upcoming Requests.
- Show new received requests in new requests which purohit has not accepted or rejected yet.

- e. After accepting the puja request it will move in respected tabs such as today's & upcoming.
- f. In today's request show list of pooja's who's date of pooja is current date.
- g. In upcoming puja show list of puja's which purohit has accepted and date of puja is future dates except today's current date.
- h. Open puja details screen on the tap of listing. Refer (Img 6)
- i. Bottom toolbar - On the tap of home open dashboard. On the tap of Incentives open Payment history - Incentives tab. On the tap history open pooja history screen. Replace "History" with "Puja History" label. On the tap of profile open My Profile screen.

## **5. New Pooja Details Screen**

- a. Show auto generated puja id. Replace order id label to puja id.
- b. Show date & time when pooja request has been send on the right top corner of the screen.
- c. Show user profile image & name.
- d. Show Puja Venue which user has provided at the time of booking pooja. On the tap of google map icon redirect it to google maps.
- e. Show puja date & time entered at the time of booking pooja or edited after booking pooja by user.
- f. In puja details show details mentioned in the package as, package name, puja name, procedure involved, inclusions and exclusions with the charges defined by admin for purohit.
- g. Show total package amount and purohit charges. Please add Purohit Charges label below total package amount and show charges defined in admin at the time of creating package.
- h. Purohit will accept or reject the request.
- i. If purohit rejects the request show confirmation pop-up saying , title of the pop up will be "Warning" and message will be "Do you really

want to Reject this request" and give Yes & No button. On Yes button tap reject the request. On No button tap close the pop up screen.

- j. If purohit accepts the request show pop up "title - Confirmation" and message will be "On the click of ok button you will confirm to accept the request" On ok button tap accept the request. On cancel button tap close the pop up screen.
- k. After accepting the request it will move in the respected list of Today & upcoming. Refer Dashboard description for it.
- l. Show city instead of Area, city on the listing due to technical difficulties.
- m. Below screen updated after CR on 14 February 2020.

Remark

(Img 22)

- a. Total Business will be sum of total package amount of all complete puja.

Total Business = Amount of purohit's % + Admin's Comission.

- b. Comission is the amount which admin has earned & formula will be

Comission = Total business \* Admin's comission percentage /100

- c. Incentives will be earned on every complete puja.

Incentives = Total package amount \* incentive percentage / 100

- d. Total earning = Total business - Comission

- e. Total fine = sum of all cancelled appointment by purohit's fine

- f. Total Paid amount will be the amount admin has paid to the purohit.

This transaction will be done from admin panel.

- e. Balance amount = Total earning - total paid amount

- f. Transaction card details

- i. Transaction id will be the id entered by admin

- ii. Date & time will be the transaction date & time which admin has entered

- iii. Credited & Fine is the status of card. If admin has transferred money to vendor then will select credited at the time of making new transaction. Fine will be automatically deducted as per the fine condition.

- iv. INR 20,000 is the amount admin will enter. For fine, fine amount will be shown.

- v. Remark admin will enter from admin panel

Note - Please update design of this screen if required.
